Sub-Custodians

We outsource most custodial functions for the platform to third party sub-custodians. These sub-custodians are:

- BNP Paribas S.A. (662 042 449 RCS Paris)
16, boulevard des Italiens 7
5009 Paris France

BNP Paribas Australia Branch
(ARBN: 000 000 117)
Level 6, 60 Castlereagh Street, Sydney
NSW 2000.

- Clearstream Australia Limited
(ABN 53 062 527 575, AFSL 230684)
Level 3, 1 Bligh Street, Sydney NSW 2000.

The sub-custodian holds the assets for HUB24 CS, as the Operator and custodian of the Service and is not obliged to recognise

any right or interest of any other person in relation to the assets. This means that there is no direct relationship between you and the sub-custodian, and that the sub-custodian does not provide any services directly to you.

Legal title to the assets will generally be held on trust, except where the assets are located in a place outside of Australia and either the law in that place does not recognise trusts or it is not reasonable for the assets to be held on trust in accordance with the law in that place. In all cases, the Operator must ensure that it is satisfied that the assets are held in a manner that, having regard to the relevant laws, provides reasonably effective protection in case of insolvency of the person holding the property. The Operator holds its beneficial interest in these assets on trust for you.

We and the sub-custodians are obliged to use your assets only for the purposes permitted under the terms of our investment and superannuation platform.

The sub-custodian will generally be entitled to be indemnified out of the assets of your account for expenses legitimately incurred by the sub-custodian in the exercise of its custodial functions. The sub-custodian may also hold a lien¹ over assets in your account in respect of such expenses. This may delay the return of your account's assets or, in limited circumstances, could mean that a portion of your accounts assets may be sold by the sub-custodian to enable it to recover expenses legitimately incurred by it.

The Operator also maintains a register of the underlying holdings for each investor in the Service. Your Australian and international listed securities and cash holdings are held on your behalf by us as your custodian, or by any sub-custodian we may appoint, while you retain beneficial ownership. We reconcile our records with the sub-custodian's records on a daily basis.

We reserve the right to change the sub-custodians or custodial structure of the Service from time to time without notice, including by appointing or removing custodians or sub-custodians to hold your assets. In the event of any such change, you will remain the beneficial owner of the assets.

The cash in your cash account in the Service and in Schemes is held either by us or by a sub-custodian (or their nominee), typically in an omnibus account with an Australian bank or other authorised deposit-taking institutions ("ADI"s).

Sub-custodians may also use an omnibus bank account which means that your monies can be co-mingled with other beneficial owners within the Service. HUB24 CS, at all times maintains records showing your entitlement to your monies within this omnibus account.

We appoint various service providers including responsible entities for Schemes and portfolio managers to construct and manage the managed portfolios within Schemes available through the HUB24 investment and superannuation platform, broker(s) to carry out trades made in client accounts and various other service providers.
